

### **Plumbers Required**

Westmeath County Council is seeking to publish a panel of competent plumbers who would be available to contract with householders in the event of a significant frost event. It is the intention to make the list available on the council website for direct contact and engagement by individual householders.

#### **The Panel**

The inclusion of suitable persons on this panel will allow Westmeath County Council to refer your service to members of the public to aid in the repair of burst pipes, frozen connections and other water distribution issues within the homeowner's boundaries. Panellists may be called out at short notice to do emergency repairs, especially in winter if pipes freeze.

#### **Terms of Reference**

Any services provided by the panellist to the public will be paid for **by the** member of the public. Panellists should understand that Westmeath County Council **will not** be held liable for any costs. The tradespersons should hold a suitable qualification in Plumbing to City & Guilds Certification or similar level. The panel will stand for 12 months and the panellists may remove themselves from the panel at any time by notifying Westmeath County Council.

Please indicate the area of the county you wish to work in (You may pick more than one) i.e.

Mullingar Town & Environs

Athlone Town & Environs

Westmeath North Area – Castlepollard / Coole

Westmeath South Area – N6 Corridor Milltownpass - Moate

Westmeath East Area – Kinnegad / Killucan
